COMLUX PRESS RELEASE

Zurich, 3 September 2018

COMLUX WILL SHOWCASE A SUKHOI SBJ FOR SALE AT RUBAE 2018

Comlux is pleased to announce its first-time participation in the Russian Business Aviation Exhibition "RUBAE" 2018 in September in Moscow with an SBJ VIP aircraft on the static display and a custom-designed booth.

The SBJ is for sale and will be presented to potential buyers during the three days of the show, which will occur at the Moscow Vnukovo Airport from the 12th through 14th of September 2018. Comlux Completion designed, engineered and EASA-certified the contemporary corporate interior for commercial operations at the beginning of 2017. It is the first aircraft of this type available on the VIP charter market. It features a total of 19 seats, including a VIP area at the front with a club-4 seating across from a side-facing sofa and an executive section with 15 First class seats in a 3-abreast configuration.

"Today, we have 7 aircraft in management home-based in the Russia-CIS region. We have established ourselves in Kazakhstan in 2008 with an Operation Control Center for VIP aircraft (UP- commercial AOC) and hangar facilities in both Almaty and Astana. In Moscow, we have a Sales & Customer service office since 2004," says Richard Gaona, Executive Chairman & CEO Comlux. "Our goal is also to promote and showcase the SBJ at RUBAE 2018. We are positive it is the right place to find the right buyer for the aircraft and conclude the first pre-owned transaction of this type."

Comlux is one of the leaders in Business Aviation, Transaction and Completion services. For over 15 years, we have been Engineering luxury for VIP customers looking for personal and professional management of their private aviation needs: aircraft sales and acquisitions, aircraft operations and charter management, cabin interiors, maintenance and upgrades. Headquartered in Switzerland with a global presence around the world, Comlux delivers World-class Swiss-made business aviation services at the highest standards of the industry.
